Marshall County Schools
School Based Clinics & Telemedicine Program
Certified Family Nurse Practitioner Available To See Your Child at School
This upcoming School Year

Dear Parent / Guardian,

In partnership with **Marshall County Schools, eMD** will provide a limited range of medical services for our students, faculty and staff through an off-site **eMD Nurse Practitioner** via a Telemedicine Station. **eMD** can provide medical services for your child similar to a regular office visit, accepting most insurance types for the medical services provided. The goal of this program is to provide immediate access to medical care similar to that of an urgent care clinic. This program is not intended to replace your primary physician and should be considered a supplemental medical care service. If your child does not have a primary care physician, **eMD** can provide primary care services or assist in locating a pediatric provider in your area.

Here's how the medical service will work for children enrolled in the service.
When the school nurse identifies an illness that requires medical attention, the nurse will notify the parent/guardian and offer the option of arranging telemedicine visit.

Prior to medical evaluation, the school nurse will make reasonable attempts to notify the student's parent/guardian with the contact information on file. If the school nurse is unable to make contact and the appropriate forms are on file, the school nurse will determine whether to proceed with treatment based upon your child's symptoms and medical complaints.

As the parent/legal guardian of a student, you give permission for your child to utilize this program by:

- Signing the registration form to authorize your child's participation;
- Copy of front and back of insurance card;
- Returning the registration form and this completed form to the school nurse.

We're confident you and your child will greatly enjoy the experience and compassionate care of **Sharon W. Smith, board certified family nurse practitioner (FNP-BC)**. She provides excellent care for both our students and faculty. Mrs. Smith works closely with each school nurse to provide medical services, via a mobile telemedicine station that is established in each school-based clinic.

It is important to note several key points:

- Only the students enrolled in the school based clinic and telemedicine program will be eligible to receive school-based treatment. Parents/guardians must complete and return the appropriate enrollment form that is being sent home and update insurance information as needed.
- Prior to a clinical or telemedicine medical evaluation, the school nurse will make reasonable attempts to notify the student's parent/guardian with the information they have on file. If the school nurse is unable to make contact, and the appropriate forms are on file, the school nurse will determine whether to proceed with treatment based upon the child's symptoms and medical complaints.
- Parents/guardians will have the option of being present for the evaluation. If you are unable to participate, they will receive timely follow-up communication regarding the child's medical evaluation and treatment.

Questions?
If you have further questions or concerns, please contact your child's school nurse.

PATIENT REGISTRATION

Patient's Name (First, Middle, Last):____ Nickname:____________________

DOB:______________ SSN:____________________ Sex: M or F School:____

Race: (circle) Caucasian African American Native Alaskan Hispanic/Latino American Indian Asian/Pacific Islander Other__________

Mailing Address: ____ City: __________________ State: _____ Zip:_______

Home Phone: __________________ Cell Phone:__________________ Email: ____

Marital Status: (circle) Single Married Divorced Separated Widowed Minor/Child Student: Y or N Full-time or Part-time

Fathers Name & Phone:____ DOB:__________ SSN:________________

Mothers Name & Phone:____ DOB:__________ SSN:________________

Legal Guardian & Phone:____ DOB:__________ SSN:________________

In Case of Emergency, please tell us a Local Friend or Relative (not living at same address) whom we could contact.

Name:____ Relationship:__________________ Ph:__________________

Primary Care Provider and other relevant Clinicians: ____
